Multi-omic Data Analysis: Understanding Neural Differentiation

Dr Stephanie Strohbuecker

Bioinformatics & Data Analysis
The Francis Crick Institute
London (UK)

THE FRANCIS CRICK INSTITUTE
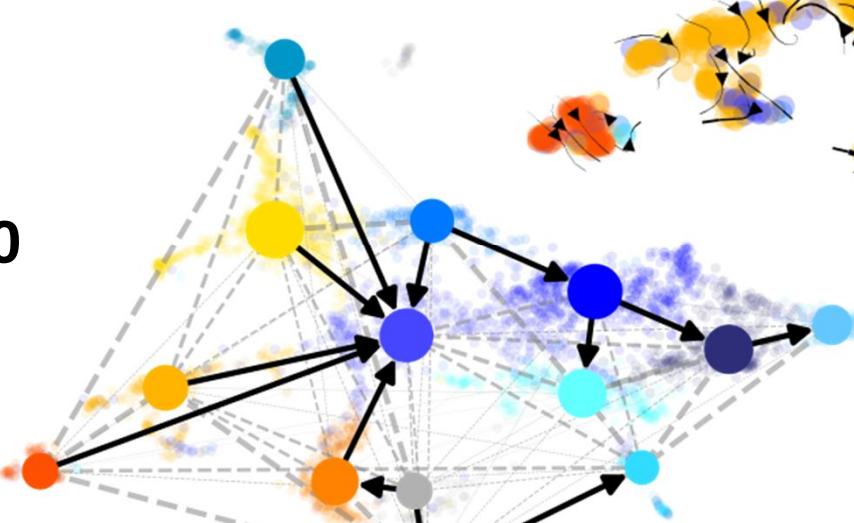

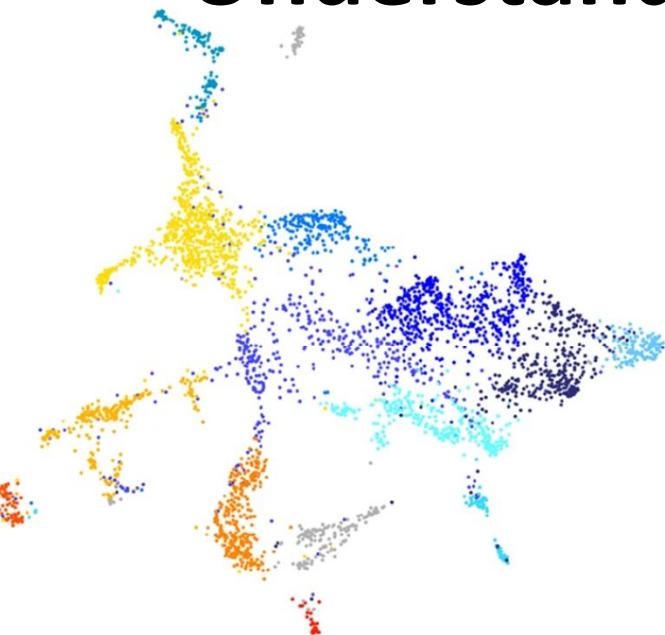

Friday 31st March, 14.00

Aula 2,
Nuovo Polo Didattico

(edificio melanzana via Ferrata)

for info: virginie.sottile@unipv.it

Using two experimental examples, Dr Strohbuecker will present analysis approaches for a range of sequencing modalities including single-cell RNA, ChIP- and ATAC-sequencing.
